Many of "Reel Attitude's" loyal customers remember the day and their first reaction when they saw the vessel and hooked a fish especially when it was a BIG ONE. Here are a few testimonials of the boat's seaworthiness, fishability and the overall experience with Captain Eddie:

"Ed! I would like to personally thank you for making 9/8/2004 A Day my father will never forget. You and your brother were excellent and it was another unforgettable trip. "Finally we were off! It took us about one hour to get to the fishing spot right off of Nantucket" the first three seconds the lines were in the water, Grandpa felt a slight tug. He had a FISH! It tugged. It pulled. It jumped out of the water. It went from right to left. Then it jumped right into the boat. It was a Big One! The first catch of the day!..."

A testimonial from Chris Walsh, a passionate fisherman and Captain

"Hooking and releasing three Bluefin Tuna on one trip and a 350-400 lb Mako shark on another trip are just two examples I've shared fishing with the Reel Attitude team. All of that occurred while pods of giant Humpback whales sounded repeatedly around the boat in all directions. It was a thrilling experience in every respect. I highly recommend fishing with Captain Ed Carreiro aboard the Reel Attitude."

A testimonial from Dave Kelly, an avid Cape Cod and Florida fisherman.

"If you are serious about chasing giant Bluefin Tuna on a state-of-the-art boat with a seasoned captain who knows what he's doing, then you need to be on the Reel Attitude! Rigging and setting the baits, then hearing the Penn 130's go off as giant Bluefins smashed into them is something I won't ever forget!!Whether you are fishing after giant Bluefin Tuna, or setting your hook into big striped bass and blues, fishing with Captain Ed Carreiro on Reel Attitude is the ultimate fishing experience!"
